

MENTORING TUCSON'S KIDS

Request a Mentor – Mentor Request Form

Thank you for considering Mentoring Tucson's Kids. It is our desire to match your child with a mentor who will provide a caring hand and sound guidance to your boy or girl as he or she struggles to make good choices. Our volunteers are caring adults who want to help a youth succeed. Mentors don't try to replace a parent or act like a professional youth counselor. Rather they seek to be an adult friend who can be a positive influence in the child's life.

Mentoring Tucson's Kids will seek to match your child with a mentor who not only shares common interests, but also lives within a reasonable distance from your home. Mentors assume responsibility for all transportation, and we want them to be accessible to their mentees.

We have a limited supply of qualified mentors so we can't promise we'll be able to bring your child into our program immediately; however, we will do everything possible to find just the right volunteer to help as soon as possible.

Once again, the first step in the process of finding a mentor for your child is to request a Referral and Parent Permission Form. As always, we are happy to answer any questions you might have throughout the process. You can contact our office by phone (520-624-4765x3) or by email at info@mentoringtucsonskids.org.

Thank you again for placing your trust in Mentoring Tucson's Kid's. We look forward to working with you and your child.

Sincerely,
Don McNeill
Executive Director
